

To ensure the broadest participation **the registration is free** for those who register [here](#).

The capacity of the meeting venue is limited, so **registration is compulsory** but, so far, **does not ensure seats in the Theater hall** for plenary sessions because the number of participants reached the maximum capacity. Please, consider that now there are seats available only in video connection with the nearby Halls of the Mental Health Department Direction.

Donations:

If you want to support the International School “Franca and Franco Basaglia” and its training and research activities you can make a liberal donation (e.g. to facilitate training for low income countries), through a bank transfer to:

Azienda Sanitaria Universitaria Integrata di Trieste - ASUITS
