“Urban Mental Health”

Una **delegazione di rappresentanti delle istituzioni sanitarie, sociali e giudiziarie di Los Angeles**, guidata da Kerry Morrison (direttrice esecutiva dell’Hollywood Property Owners Alliance) e dal professor Allen Frances (della Duke University, USA) si troveranno a Trieste per incontrare omologhi locali per una sorta di gemellaggio.

I membri della delegazione sono particolarmente interessati a comprendere e studiare modelli alternativi per la presa in carico di persone con disturbi mentali gravi, condizioni di marginalità sociale e problematiche giudiziarie.

Nella mattinata la delegazione di Los Angeles sarà guidata in un percorso di esplorazione del sistema dei Servizi di salute mentale triestini, si recheranno presso il Centro di Salute Mentale nr. 3 di Domio e presso il Servizio Psichiatrico di Diagnosi e Cura.

Assecondando una richiesta specifica dei nostri ospiti, nel pomeriggio, è previsto un momento di confronto e dialogo sul tema delle politiche sanitarie, sociali e giudiziarie tra i membri della delegazione americana e i rappresentanti locali delle istituzioni. È nostra intenzione discutere con i membri della delegazione americana il “modello Trieste” come esempio di welfare locale orientato all’inclusione sociale attraverso una solida rete di integrazione delle politiche sociosanitarie.

Per tale motivo sono stati contattati i rappresentanti delle diverse agenzie e istituzioni della città, per costruire un dialogo costruttivo e di scambio con le loro controparti statunitensi.

La delegazione di Los Angeles è composta da:
