Title of the contribution/Titolo del contributo	Recovery and peer support oriented services		
Objectives/Obiettivi	To expand the network and to promote the thinking that animates the peer support.		

Contents-text/Contenuto-testo:

In Trieste we started about two years ago with the project of peer support inspired by other realities like those in Utrecht and Lille, where they already are having a long experience in this field. It isn't like in other places an alternative to the public service, but it should be an added value which integrates, completes and enriches the therapeutic offer of the department of mental health.

We are trying to work while remaining faithful to the values of the recovery as experts in experience, helping the persons in the process of empowerment. Each of us with its own personal and working experience collaborates and cooperates in order to expand the network and to promote the thinking that animates the peer support.
